

TENTATIVE DEGREE PLAN

Counseling students have 7 years to complete the Program. This schedule is for 3 courses per semester to give students an idea about the order of courses. Generally, plan to take 600 level courses before 700 level courses. Note that this schedule lists when courses are *typically* offered, and that scheduling of courses may change.

You must consult with your adviser during your first semester to complete your Tentative Degree Plan, customizing a plan that works for you.
