

University of Wisconsin—River Falls
Department of Health and Human Performance
CEP-MS Internship Site Supervisor Evaluation

Please take a few minutes to indicate how well the CEP curriculum has prepared your intern to meet the five ACSM Clinical Exercise Physiologist (ACSM-CEP) competencies. Place an “X” in the column that best fits your perception of how prepared the student is in each competency. Thank you for completing this survey.

Adopted from ACSM Clinical Exercise Physiologist (CEP) standards	Strongly agree	Agree	Slightly agree	Slightly disagree	Disagree	Strongly disagree
1. Patient/client assessment						
a) Student is knowledgeable and prepared to assess patients for exercise testing.						
b) Student is knowledgeable and prepared to determine normal and abnormal responses to exercise.						
c) Student is knowledgeable about the acute and chronic changes associated with exercise.						
2. Exercise Prescription						
a) Student is knowledgeable and prepared to prescribe exercise for any population.						
b) Student is knowledgeable and prepared to administer exercise tests with any population.						
c) Student is knowledgeable and prepared to interpret exercise test results.						
3. Program Implementation and Ongoing Support						
a) Student is knowledgeable and prepared to determine health risk factors.						
b) Student is knowledgeable and prepared to describe disease processes.						

c) Student is knowledgeable about the medications used for treating patient populations.						
4. Leadership and Counseling						
a) Student is knowledgeable and prepared to lead any form of exercise with patient populations.						
b) Student is knowledgeable and prepared to use behavior strategies to improve patient compliance.						
5. Legal and Professional Considerations						
a) Student is knowledgeable and prepared to describe appropriate safety precautions during testing.						
b) Student is knowledgeable and prepared to describe appropriate actions to be taken in an emergency						
c) Student is knowledgeable and prepared to develop and ensure quality program information and data.						
6. Additional considerations						
a) Please described any additional ways through which CEP-MS student preparation may be improved:
