

Pre-Professional Emphasis in Chiropractic

The major emphasis provides 1) a list of typical prerequisite undergraduate courses required to apply to graduate school OR 2) undergraduate courses that will be highly beneficial to prepare for graduate school. The course array can be tailored to fit the needs of specific graduate programs or student preferences. To add or remove a class, students should work with their academic adviser.

DEPT	COURSE #	COURSE TITLE	CREDITS
BIOL	356	Neurobiology	3
CHEM	111/116	General Chemistry 1 (and lab)	5
CHEM	112/117	General Chemistry 2 (and lab)	5
CHEM	360	Foundations of Biochemistry	4
CHEM	231/236	Organic Chemistry 1 (and lab)	4
MATH	147 or 149	College Algebra & Trigonometry or Precalculus	3
PHYS	121	Algebra-based Physics I	5
		TOTAL CREDITS	29
