

UWRF School Psychology Program Assessment Plan – *Ed.S. Degree*

Completed by Scott Woitaszewski, Program Director

Updated: December 19, 2024

I. INTRODUCTION

The School Psychology Program at UWRF is one graduate program leading to two degrees. This Assessment Plan addresses the Ed.S. degree (32 credits), earned after the final two years of the four-year program. A separate assessment plan addresses the M.S.E. degree (34 credits) which is earned first, after the 2nd year of the overall program. Graduates cannot become licensed school psychologists until completing both degrees (66 total graduate credits). In summary, we are a single program with two degrees earned as students complete the program. Two program plans and program reports reflect each of the two degrees.

The School Psychology Program and Department of Counseling & School Psychology are part of the School of Education within the College of Education, Business, and Allied Health (CEBAH). The Ed.S. program provides UWRF graduate students with professional, specialist-level training, while providing schools and communities with high quality school psychologists. The program is committed to educating professional school psychologists with comprehensive knowledge and skills, particularly in the areas of collaboration, data-based decision-making, and culturally-humble practices.

The school psychology program conducts ongoing evaluations of student progress and learning outcomes. The evaluation process begins at the time of application and continues each year until program completion. Additionally, the program surveys graduates to assess the quality of training, and to determine appropriate areas of emphasis within training. The program uses assessment data to provide feedback to students, to monitor program effectiveness, and to update the program, as needed.

Program Mission & Vision

Vision: All children and youth thrive in school, at home, and throughout life.

Mission: The UWRF School Psychology Program prepares the next generation of school psychologists to address the academic, social, emotional, behavioral, and mental health needs of children and youth in accordance with the *NASP Standards for Graduate Preparation of School Psychologists*, the *Wisconsin DPI Pupil Services Domains*, and through the promotion of the *NASP Model for Comprehensive and Integrated School Psychological Services*.

Program Core Values

Advocacy: UWRF SPSY engages in actions and activities that seek to influence positively outcomes directly affecting the profession and the children, youth, families, and schools served.

Collaborative Relationships: UWRF SPSY partners with faculty, staff, practitioners, cooperating professionals, key stakeholders, and others to develop and achieve shared goals.

Continuous Improvement: UWRF SPSY sets challenging objectives and measures the effectiveness of organizational processes and professional practices.

Integrity: UWRF SPSY understands and honors individual, cultural, and other contextual differences in our own interactions and as they shape the development of program candidates.

Social Justice: UWRF SPSY promotes and enacts social justice throughout the program, the profession, practicum and internship experiences, and on the job.

Student-Centered: UWRF SPSY strategically selects goals and activities focused on the needs of program candidates, the profession, and the children, youth, and families we serve.

Program Strategic Goals

Through regular discussion, reflection, and long-range planning, the school psychology program has set the following strategic goals: (a) Address critical shortages in school psychology including but not limited to increasing the number of graduates from underrepresented groups in society and in the profession, (b) Develop leadership skills and qualities of school psychologists, (c) Advance the role of school psychologists as qualified behavioral and mental health specialists, (d) Advance the recognition and implementation of the NASP Practice Model, and (e) Prepare school psychologists who actively promote and enact social justice in their own work and through advocacy with key stakeholders.

II. LEARNING OUTCOMES - Master of Science in Education (Ed.S. degree)

The following specific learning outcomes have been developed to ensure a program of study aligned with the program's mission, vision, core values, and strategic goals. The learning outcomes of the UWRF school psychology Ed.S. degree reflect the domains required of all programs approved by NASP and the Wisconsin Department of Public Instruction (DPI), with added emphasis on student collaboration and culturally responsive skill building. Each outcome is measured by an instrument included in the program's Candidate Assessment System. The Candidate Assessment System is a set of evaluation forms or rubrics developed by the school psychology program faculty, and available to students on the program web page and in the student program policies and procedures handbook.

The following specific learning outcomes have been evaluated for five or more years (with sub-outcomes and measurement tools noted). To clearly make the link between the assessment tools being used and the learning outcomes stated, **the specific assessment tool is highlighted, in red and parentheses**, following each learning outcome objective. As well, it should be noted that the program Exit Survey includes items that assess each of the learning outcomes.

1. Graduates will be able to demonstrate culturally responsive competencies. (LINKED TO UWRF STRATEGIC GOAL – Global Education & Engagement)
 - **Objective A:** Graduates will demonstrate emerging or proficient diversity values and dispositions (**MEASURED BY:** *Diversity Values & Dispositions Evaluation during internship*).
 - **Objective B:** Graduates will demonstrate emerging or proficient knowledge and skills related to individuals, families, and schools with diverse characteristics, cultures, and backgrounds (**MEASURED BY:** *Field-Based Supervisor Summative Evaluation during practicum*).
2. Graduates will be able to collaborate successfully and problem-solve with those with whom they interact in the field (e.g., parents, supervisors, other practicing educators). (LINKED TO UWRF STRATEGIC GOAL – Innovations & Partnerships)
 - **Objective A:** Graduates will be able to demonstrate emerging or proficient consultation and collaboration skills. (**MEASURED BY:** *Field-Based Supervisor Summative Evaluation during practicum*).
 - **Objective B:** Graduates will be able to demonstrate emerging or proficient professional work characteristics (e.g., organization, communication skills). (**MEASURED BY:** *Field-Based Supervisor Internship Summative Evaluation*)
3. Graduates will be able to demonstrate a positive impact on the students, parents, teachers, and/or others who are served. (LINKED TO UWRF STRATEGIC GOAL – Distinctive Academic Excellence)
 - **Objective A:** Graduates will be able to collect and analyze pupil intervention data reflecting measureable student progress. (**MEASURED BY:** *Intervention Case Study*)

Appraisal Rubric during internship – Academic Case)

- **Objective B:** Graduates will demonstrate an overall level of emerging or proficient positive impact on others in schools. (**MEASURED BY:** *Field-Based Supervisor Summative Evaluation during practicum*).
4. Graduates will be able to demonstrate a broad foundation of knowledge and skills that are aligned with the training domains of the National Association of School Psychologists (NASP) and the Wisconsin Department of Public Instruction (DPI). (*LINKED TO UWRF STRATEGIC GOAL – Distinctive Academic Excellence*)
- **Objective A:** Graduates will be able to demonstrate proficient knowledge about school psychology (**MEASURED BY:** *Pass PRAXIS II exam*).
 - **Objective B:** Graduates will be able to show evidence of multiple school psychology skills and roles (**MEASURED BY:** *Ed.S. Standards Met Checklist*).
 - **Objective C:** Graduates will be able to collect and evaluate research/program evaluation data in order to ensure use of evidence-informed practices in schools (**MEASURED BY:** *Program Evaluation Project Report Rubric*)

III. PROFILE OF WHERE LEARNING OUTCOMES ARE BEING ACHIEVED

Specific Courses for all Learning Outcomes & Course Map Visuals

The specific Ed.S. program learning outcomes are supported across all Ed.S. courses. See Table 1 for a matrix of outcomes, courses, level of learning, knowledge/skills, and assessment measure/timing.

Table 1. UWRF School Psychology Ed.S. Learning Outcome by Course Matrix

Learning Outcome	Primary Course(s) where Outcome Addressed	Level of Learning	Specific Knowledge/Skills Addressed (NASP) (External Stakeholder = NASP)	Assessment Measures (Artifacts) & Timing
LEARNING OUTCOME 1: Graduates will demonstrate culturally responsive competencies.				
Objective A – Graduates will demonstrate emerging or proficient diversity values and dispositions	SPSY 775 SPSY 776	Emerging skills	Diversity in Development & Learning (NASP #8)	<i>Diversity Values & Dispositions Evaluation during internship (End of Year 4)</i>
Objective B – Graduates will demonstrate emerging or proficient knowledge and skills related to individuals, families, and schools with diverse characteristics, cultures, and backgrounds.	SPSY 771 SPSY 772	Emerging skills	Diversity in Development & Learning (NASP #8)	<i>Field-Based Supervisor Summative Evaluation during practicum (End of Year 3)</i>
LEARNING OUTCOME 2: Graduates will be able to collaborate successfully and problem-solve.				

Objective A – Graduates will be able to demonstrate emerging or proficient consultation and collaboration skills.	SPSY 771 SPSY 772	Emerging Skills	Consultation & Collaboration (NASP #2)	<i>Field-Based Supervisor Summative Evaluation during practicum (End of Year 3)</i>
Objective B – Graduates will be able to demonstrate emerging or proficient professional work characteristics (e.g., organization, communication skills).	SPSY 775 SPSY 776	Emerging Skills	Consultation & Collaboration (NASP #2)	<i>Field-Based Supervisor Summative Evaluation during INTERNSHIP (End of Year 4)</i>
LEARNING OUTCOME 3: Graduates will be able to demonstrate a positive impact on others.				
Objective A – Graduates will be able to collect and analyze pupil intervention data reflecting measureable student progress.	SPSY 775 SPSY 776	Emerging Skills	Data-based Decision Making (NASP #1); Interventions & Mental-Health Services (NASP #4); Prevention & Responsive Services (NASP #6)	<i>Intervention Case Study Appraisal Rubric during internship (End of Year 4)</i>
Objective B – Graduates will demonstrate an overall level of emerging or proficient positive impact on others in schools	SPSY 771 SPSY 772	Emerging Skills	Data-based Decision Making (NASP #1); Interventions & Mental-Health Services (NASP #4); Prevention & Responsive Services (NASP #6)	<i>Field-Based Supervisor Summative Evaluation during practicum (End of Year 3)</i>
LEARNING OUTCOME 4: Grads will be able to demonstrate a broad foundation of knowledge/skills aligned with NASP.				
Objective A – Graduates will be able to demonstrate proficient knowledge about school psychology.	All Ed.S. courses (N1 to N10)	Advanced Knowledge & Emerging Skills	All NASP graduation education domains (NASP #1 to NASP #10)	<i>PRAXIS II exam results (End of Year 3)</i>
Objective B – Graduates will be able to show evidence of multiple school psychology skills and roles.	All Ed.S. courses (Primarily: N2, N6, N7, N9, N10)	Advanced Knowledge & Emerging Skills	Several NASP graduation education domains (Primarily: N2, N6, N7, N9, N10)	<i>Standards Met Checklist for Ed.S. (End of Year 4)</i>

Objective C - Graduates will be able to collect and evaluate research/program evaluation data in order to ensure use of evidence-informed practices in schools	SPSY 798 (N9)	Emerging Skills	Research & Program Evaluation (NASP #9)	<i>Program Evaluation Project Report Rubric – (End of Year 3)</i>
Ed.S. Student Exit Survey	NA	Emerging Skills	Measures All Learning Outcomes	<i>End of Ed.S. Completion (May/June of graduation year)</i>
Ed.S. Graduate – Employer Survey	NA	Proficient Skills	Measures All Learning Outcomes and other general progress characteristics	<i>Two years post-Ed.S. (May/June)</i>
Ed.S. Graduate – Alumni Survey	NA	Proficient Skills	Measures All Learning Outcomes and other general progress characteristics	<i>Two years post-Ed.S. (May/June)</i>

How Out-Of-Classroom Experiences Impact All Learning Outcomes

The primary/critical out-of-classroom experiences for school psychology Ed.S. students involve the practicum and internship field-based opportunities. Additionally, in an effort to reinforce foundational knowledge and developing skills, other out-of-class opportunities are available to Ed.S. students. See Table 3 for details.

Table 3. Out-of-Classroom Experiences – Annual/Ongoing Examples

Ed.S. out-of-classroom experience	Type of experience	Timing	Learning Outcomes Addressed
SPSY 771, 772 Practicum I and II	<i>Formal Field-Based Experience (20 hours a week of unpaid, supervised, school experiences). Placements assigned by the faculty</i>	<i>600 total hours during the fall/spring of Year 3</i>	<i>LO1, LO2, LO3, LO4 (wide range of school psychology topics)</i>
SPSY 775, 776 Internship I and II	<i>Formal Field-Based Experience (Full time, paid and supervised school experiences). Sites applied for and secured by the intern-to-be student.</i>	<i>1200 total hours during the fall/spring of Year 4</i>	<i>LO1, LO2, LO3, LO4 (wide range of school psychology topics)</i>
National School Psychology Week Guest Presenter	<i>Speaker brought in annually to replace one class meeting for all fall classes</i>	<i>2nd week of November – Since 2008</i>	<i>LO4 (wide range of school psychology topics)</i>
Conference travel (NASP, WSPA, MSPA)	<i>Conference options locally, regionally, and nationally.</i>	<i>WSPA Fall – October MSPA – January NASP – February WSPA Spring - March</i>	<i>LO1, LO2, LO3, LO4 (wide range of school psychology topics)</i>
Sigma Psi Tau Student Group for School Psychology Grad Students	<i>Leadership options for program students</i>	<i>Officer voting in the spring; serve one year following</i>	<i>LO2 (excellent leadership and collaboration experiences); LO3 (frequent volunteer or service work to promote the field)</i>

Out-of-Classroom Experiences & External Stakeholder Expectations

The school psychology program is committed to providing training that is aligned with the ten domains of education and practice and the practice model of the National Association of School Psychologists (NASP). The pupil services standards developed by the Wisconsin Department of Public Instruction (DPI) are also integrated into the program curriculum and expectations. In order to measure candidate knowledge and competency development, data are collected through multiple methods at multiple points in the training program. Candidates meet with their advisors each semester to discuss progress. The program faculty utilizes the data to assist students with program progress and to make program modifications, as needed. Data are aggregated and submitted to NASP regularly, to ensure ongoing accreditation (**Full NASP Accreditation is currently in place until December 2027**).

IV. VENUES FOR ASSESSING LEARNING OUTCOMES

Venues for all Direct Measures (and associated Ed.S. courses)

Previously in this document, in Table 1, all Ed.S. learning outcomes, associated courses, level of learning, type of skill/knowledge gained (NASP graduate education domain), and the overall direct assessment measure involved were outlined. Altogether, Table 1 reflected how the Ed.S. curriculum meets all four Learning Outcomes and Table 2 covers how the Ed.S. curriculum addresses all ten of the NASP graduate education domains, covering a variety of advanced knowledge and emerging skills. These two tables are evidence of the comprehensive approach to school psychology training involved in the Ed.S. program. As noted previously, several assessment measures are utilized to monitor student progress in the Ed.S. program.

Specific Artifacts for all Learning Outcomes

Previously in this document, in Table 1, all Ed.S. learning outcomes, associated courses, level of learning, type of skill/knowledge gained (NASP graduate education domain), and the overall direct assessment (artifact) measure involved were outlined. The reader is referred to that table for a review.

Specific Venues & Artifacts for all Out-Of-Classroom Learning Experiences.

The Ed.S. degree includes a 600-hour practicum experience during Year 3 and a 1200-hour (full-time) internship during the Year 4 of the program (the final year). These experiences are the ideal venue for collecting assessment on all learning outcomes and emerging school psychology skills. Those certificates and documentations are encouraged as optional portfolio artifacts. See Table 1 for exact timing of each assessment required as part of the program's assessment system.

Indirect Student Survey Feedback for all Learning Outcomes (and other feedback requested)

Ed.S. graduate exit survey data are collected annually, in May/June following the granting of the Ed.S. degree. These surveys allow graduates to state their perceptions of their ability to meet the four stated Learning Outcomes as well as graduate feedback/ratings on numerous other related program issues (e.g., program structure, other university services, faculty leadership, etc.). See Appendix C for a full copy of the Ed.S. student exit survey.

Indirect Alumni Feedback

Ed.S. alumni survey data are collected two years after students complete the Ed.S. program. Program learning outcomes and other related skills are evaluated. See Appendix D

Indirect Employer Feedback

Ed.S. employer survey data are collected two years after students complete the Ed.S. program. Program learning outcomes and other related skills are evaluated. See Appendix E

V. PROCESS FOR ASSESSMENT

Scope and Depth of Program Assessment Cycle

Eleven assessment measures are collected during the Ed.S. program. In addition to the notes below, they are summarized in Table 1, along with other related details.

1. **Diversity Values & Dispositions Evaluation during internship.** This rubric is completed by the intern's field-based supervisor during the final semester in the program, spring of the 4th year. [See Appendix A.](#)
2. **Field-Based Supervisor Evaluation during practicum.** A summative field-based supervisor evaluation is collected during the 2nd semester of practicum. This evaluation covers all 10 NASP Graduate Education Domains and evaluates the student's positive impact on others. [See Appendix B.](#)
3. **University-Based Supervisor Observation Ratings.** Numerous site-visit observations are completed by both field-based and university-based supervisors during both the practicum and internship experience. The final university-based internship observation rubric is completed and collected during the spring of the fourth year. [See Appendix C.](#)
4. **Intervention Case Study Appraisal Rubric during internship.** All students complete multiple comprehensive single-student intervention cases during the practicum and internship year. The final case study is evaluated with a rubric to ensure comprehensiveness. [See Appendix D.](#)
5. **PRAXIS II exam.** This exam is a 120-question multiple-choice exam that is first taken during the spring of the 3rd year in the program, after students have completed the majority of the coursework prior to the internship. Exam content varies from administration to administration but is designed to cover all 10 NASP Graduate Education Domains.
6. **Standards Met Checklist.** This checklist is used following Year 4 to ensure appropriate progress and completion of all courses, objectives, assignments, and related NASP standards (i.e., "graduate education domains"). [See Appendix E.](#)
7. **Program Evaluation Project Report Rubric.** All candidates complete a program evaluation project during the practicum year, in an applied setting (typically in one of their practicum sites). The program evaluation project is summarized in a written report and presented as a poster to student colleagues and the faculty. [See Appendix F.](#)
8. **Ed.S. graduate exit survey** – This 32-question survey covers the program's learning objectives, program structure, course delivery options, and other university services. Both Likert scale and open-ended questions are included. [See Appendix G.](#)
9. **Ed.S. Employer Survey.** This survey is sent to current supervisors (e.g., a Special Education Director, Lead School Psychologist, or a Building Administrator) of Ed.S. graduates, two years post-graduation. [See Appendix H.](#)
10. **Ed.S. Alumni Survey.** This survey is sent to Ed.S. graduates two years post-graduation. [See Appendix I.](#)
11. **Program Action Step Guide.** [Appendix J.](#)

Assessment of Modes of Delivery, Locations, and Duration of Courses

The Ed.S. graduate exit survey includes several questions related to modes of delivery, location, materials, and timing of courses. See the Exit Survey in Appendix C, questions 4 to 10.

Accountability Structure of the Program's Assessment Process

The school psychology program and its learning outcomes are aligned with the strategic goals of UW-River Falls. Program assessment results will show how the program's learning objectives connect to Distinctive Academic Excellence, Global Education and Engagement, and Innovation and Partnerships. Additionally, the program is beholden to the 2020 Graduate Education Domains and Standards for Practice required by the National Association of School Psychologists. The following roles are part of the assessment process:

- 1) School Psychology Program Director – Oversees data collection each semester from all assessment measures; ensures assessment reports for the university and for NASP are comprehensive and accurate.
- 2) Other Program Faculty Members – As assigned, other program faculty members assist with data collection, data analysis, and assessment report writing.
- 3) Department Chair – The chair of the Department of Counseling & School Psychology communicates regularly with the School Psychology Program Director (weekly meetings and frequent other communications). Together, they ensure a comprehensive, accurate, and proper assessment process for the program.
- 4) National Association of School Psychologists (NASP) Program Accreditation/Approval Board – The program director communicates with NASP approval board members to ensure a comprehensive assessment process. This may be done via attending approval meetings at national conferences, phone calls, and email exchange.

Steps for Reviewing, Aggregating, and Analyzing Assessment Findings

The following specific steps are taken to ensure a comprehensive assessment process:

- 1) All direct assessment measures are built into specific courses and syllabi, ensuring their completion.
- 2) Assessment data review is built into program meetings, formally, at least 1x annually. Data results are discussed on an ongoing basis, too, as needed (e.g., when any outliers are noted, and input is needed for change). Analysis is contextual and developmental in nature, with students expected to build on foundational knowledge, developing skills, and emerging skills during the program.
- 3) Based on assessment results, the program faculty set annual goals for curriculum revision, curriculum delivery options, and other changes to enhance the success of student learning outcomes.
- 4) Data are aggregated into separate cohort data tables in a password protected Excel spreadsheet. Learning Outcome data on assessments have been collected and aggregated since at least 2008 and, for some of the assessments, since 2006. Data are stored electronically on a university network drive, where they are accessed by the program director, faculty, and department associate. New data are added each semester. Analysis and interpretation of the data occurs annually for the university and periodically for the UW system program audit and review and for the NASP national approval processes. The results of these analyses guide program enhancement and growth. Program progress is discussed regularly, and actions steps are addressed during bi-monthly program faculty meetings.

Process for Maintaining Data and Documenting Actions Across the Assessment Cycle

- 1) Assessment data are pulled from course platform sites (e.g., Canvas) and transferred to the program's network drive and summarized in a password-protected spreadsheet for data aggregation purposes. The spreadsheet is saved on the program's network drive and backed up on a flash drive maintained by the program director.
- 2) The spreadsheet is updated each semester, after new data are entered. Trends are monitored informally in between formal assessment requirements.

- 3) An informal summary of some assessment results (e.g., employer survey data) are often communicated annually to the Department Chair, the College Dean, and the Chancellor.
- 4) Formal assessment results are completed on the schedules required for PIP-PAR at UWRF and for the National Association of School Psychologists accreditation process.
- 5) Action steps are noted on program meeting agenda minutes. Ongoing planning and action are noted in “old business” or “new business” on program meeting agendas. Program meeting agendas and minutes are saved on the program’s UWRF network drive and date back numerous years.

How Changes will be Implemented & Documented

Assessment data review is discussed periodically (at least 1x annually, and as needed) during program faculty meetings. The program faculty, in collaboration with the department chair, determines necessary action steps collaboratively, based on assessment data findings. Ongoing planning and action are noted in program meeting agendas. Additionally, a program goal and action step planning sheet template is included in Appendix D. This planning sheet is included in each program meeting agenda and updated as needed. Action steps are noted on program meeting agenda minutes and stored on the program’s network drive. Program meeting agendas and minutes date back numerous years.

Where Assessment Results and Actions Taken can be Obtained by Internal & External Stakeholders

Data results are communicated to faculty, current students, alumni and the program’s advisory council. All assessment results are posted on the program’s network T: drive. Additional electronic posting of the data occurs annually on the program’s webpage (<https://www.uwrf.edu/CSP/SchoolPsychology/Program-Assessment-Results.cfm>). Notification of National Approval (NASP) has been communicated to program alumni and current students via email, social media, and on the program’s physical bulletin board in the Wyman Education Building. All assessment processes and measures are available for student and public review on the program’s webpage (<https://www.uwrf.edu/CSP/SchoolPsychology/Index.cfm>). These measures include clear rating procedures and benchmarks indicating passing levels and/or varied skill levels (e.g., needs improvement, emerging, proficient). In most cases, data are stored electronically, on the program’s network drive.

Additional Details (e.g., links to program mission, assessment rubrics, etc.)

The school psychology program’s mission, vision, and program objectives can be found in the [student handbook](#).

[The program’s value statement concerning diversity](#).

The program’s [Candidate Assessment System](#), with links to all rubrics used to assess student progress in the M.S.E. and the Ed.S. programs.

A [summary of program student leadership and out-of-the-classroom experiences](#).

External Accreditation & Standards

The UW-RF School Psychology Program has been accredited fully by the National Association of School Psychologists since 2013. A listing of Ed.S. courses and how they are connected to the 10 NASP Graduate Education Domains is included in Table 2.

Appendix A

UW-RF School Psychology Training Program Diversity Values and Dispositions Evaluation

Candidate: _____

Rater: _____

Year in Program: 1st 2nd 3rd (Practicum) or 4th (Intern)

Date: _____

RATING INSTRUCTIONS:

Please rate the candidate on each item using the scale below. Comments on any particular strength or challenging characteristic may be written in the box at the end of the rubric.

Please, note: all practicum and internship candidates should be rated on ALL items (i.e., do not use NA for practicum and intern level students).

RATING SCALE:

Rate the candidate's diversity values and dispositions with this scale:

- 1: This value/disposition is a significant challenge; significant development needed
- 2: Minimal development for this value or disposition
- 3: Average value or disposition
- 4: Developing or emerging value or disposition; nearing proficiency
- 5: Proficient; candidate demonstrates highly developed value or disposition

Being Respectful

- | | |
|---|---------------------------|
| Valuing other's experiences, contributions, and expertise | 1.....2.....3.....4.....5 |
| Valuing diversity and cultural differences, in general | 1.....2.....3.....4.....5 |
| Listening | 1.....2.....3.....4.....5 |
| Empathizing | 1.....2.....3.....4.....5 |
| Engaged in active learning | 1.....2.....3.....4.....5 |
| Thinking of others and our impact on others | 1.....2.....3.....4.....5 |

Being Inclusive

- | | |
|--|---------------------------|
| Demonstrating a willingness and desire to relate to and to work with all people (e.g., students, parents, teachers, community members) | 1.....2.....3.....4.....5 |
| Considering others (e.g., when making decisions) | 1.....2.....3.....4.....5 |
| Including people in the process of learning, research, service, etc. | 1.....2.....3.....4.....5 |

Willing to challenge one's own beliefs that classify a group of persons as pejorative in some way	1.....2.....3.....4.....5
<u>Being Collaborative and Cooperative</u>	
Working cooperatively and effectively with others	1.....2.....3.....4.....5
Being responsive to others	1.....2.....3.....4.....5
Demonstrating an interest and ability to learn from others about their experiences of culture and diversity	1.....2.....3.....4.....5
Engaging in dialogues, rather than debates, regarding multiculturalism and diversity issues	1.....2.....3.....4.....5
Working together, to understand one another	1.....2.....3.....4.....5
<u>Being Open</u>	
Being open to new ideas and learning in general	1.....2.....3.....4.....5
Engaging in perspective-taking	1.....2.....3.....4.....5
Demonstrating flexibility	1.....2.....3.....4.....5
Being receptive and responsive to feedback	1.....2.....3.....4.....5
Seeking help in understanding others, when needed	1.....2.....3.....4.....5
Taking risks to promote professional growth/development	1.....2.....3.....4.....5
Engaging in self-disclosure that is relevant to professional effectiveness	1.....2.....3.....4.....5
<u>Being Inquisitive</u>	
Showing interest and a curiosity about people and their diverse cultural life experiences	1.....2.....3.....4.....5
Seeking additional knowledge and experiences related to diversity and multicultural issues	1.....2.....3.....4.....5
Demonstrating a desire to learn about others	1.....2.....3.....4.....5
Scientifically minded (applying ethical/professional standards and scientific findings) to diversity/multicultural issues	1.....2.....3.....4.....5
<u>Self-aware and Introspective</u>	
Awareness of personal and professional strengths	1.....2.....3.....4.....5
Awareness of personal and professional areas of growth	1.....2.....3.....4.....5
Demonstrating an awareness of one's biases/prejudices	

and ignorance	1.....2.....3.....4.....5
Reflecting on one's impact on others and the tasks at hand	1.....2.....3.....4.....5
Reflecting on how one is affected by others	1.....2.....3.....4.....5
Engaging in critical thinking (e.g., different perspectives)	1.....2.....3.....4.....5
Evaluating one's feelings, decisions, actions, and how one relates to others	1.....2.....3.....4.....5
<u>Culturally-Aware</u>	
Learning about, understanding, and accepting people from a variety of diverse and cultural backgrounds	1.....2.....3.....4.....5
Providing culturally-relevant services to people based on theoretical and research knowledge	1.....2.....3.....4.....5
Being aware of how one's own cultural background may impact her or his assessment practices, consultation interactions or interventions with persons from diverse backgrounds	1.....2.....3.....4.....5
Being aware of how different cultures view what is normal, acceptable, and okay	1.....2.....3.....4.....5
Understanding the process and interpersonal dynamics necessary to be effective with persons from diverse backgrounds	1.....2.....3.....4.....5
Demonstrating an interest in and a commitment to conducting or consuming research on multicultural and diversity issues	1.....2.....3.....4.....5
<u>Socially-Just</u>	
Engaging in active support and advocacy to promote equality and justice for underserved, oppressed, and/or marginalized groups of people	1.....2.....3.....4.....5
Committed to service and community efforts for diverse populations	1.....2.....3.....4.....5
Aware of power and privilege dynamics on various levels	1.....2.....3.....4.....5
Actively addressing institutional barriers	1.....2.....3.....4.....5
<u>Professional Growth and Improvement</u>	
Demonstrating a desire to learn and improve one's knowledge base, research, and service skills	1.....2.....3.....4.....5

Seeking actively feedback regarding one's performance	1.....2.....3.....4.....5
Willingness to abandon nonproductive strategies in an attempt to self-correct	1.....2.....3.....4.....5
Applying the ethical and professional standards of the profession to one' work	1.....2.....3.....4.....5
Applying scientific findings to professional work	1.....2.....3.....4.....5

Comments/Recommendations:

* Permission to use and to adapt this measure was granted by the primary author,
Dr. Kathleen Bieschke. (March 2008)

Appendix B

UWRF School Psychology Program Practicum Evaluation Form

Student: _____ Site: _____

Supervisor(s): _____ Year: _____

Please, evaluate the student under your supervision using the following rating scale:

Excellent (3)	Satisfactory (2)	Needs Improvement (1)	(NA) Not Applicable/Not Observed
Is excellent, exceeds expectations, and approaching independent functioning.	Is satisfactory, meets expectations, and requires the typical amount of supervision.	Is unsatisfactory, does not meet expectations, requires very close supervision, or needs substantial additional training.	Is not Applicable or is Not Observed.

OVERALL EVALUATION: At the point of the summative evaluation (Evaluation 4) each item must be rated as at least a 2 (Satisfactory). Items rated as less than a 2, at any one of the evaluation points, will prompt increased supervision and/or additional training in that area.

Personal Characteristics (Assists with measuring NASP Domain 10)	Evaluation 1 November	Evaluation 2 December	Evaluation 3 March	Evaluation 4 SUMMATIVE
1. Presents self in professional manner in interactions with caregivers, other educators, and administrators.				
2. Accepts responsibility for work; takes initiative for understanding information, policies or procedures.				
3. Demonstrates a growth mindset.				
4. Establishes and maintains rapport with children and adolescents.				
6. Establishes and maintains rapport with teachers and colleagues.				

General Work Habits (Assists with measuring NASP Domain 10)	Evaluation 1	Evaluation 2	Evaluation 3	Evaluation 4 SUMMATIVE
1. Keeps appointments and arrives on time.				
2. Manages time effectively.				
3. Makes arrangements for planned absences.				
4. Completes tasks on time.				

Response to Supervision (Assists with measuring NASP Domain 10)	Evaluation 1	Evaluation 2	Evaluation 3	Evaluation 4 SUMMATIVE
1. Maintains communication with supervisor about activities and needs.				
2. Prepared to discuss cases or issues with necessary materials to facilitate review.				
3. Applies supervisor's recommendations to improve practice.				
4. Understands own strengths and areas of growth and targets areas needing improvement.				
5. Presents cases in a systematic and clear manner during supervision.				

Data-based Decision Making (NASP Domain 1)	Evaluation 1	Evaluation 2	Evaluation 3	Evaluation 4 SUMMATIVE
1. Demonstrates a basic understanding of psychometric measurement properties and applies appropriate standards of practice.				
2. Administers and scores assessment instruments accurately.				
3. Integrates information from multiple methods (e.g., tests, records review, interviews, and observations) and informants (e.g., families/caregivers and teachers) during interpretation.				

4. Writes reports that accurately describe assessment results in an understood manner.				
5. Oral communication of assessment results is expressed effectively and with sufficient clarity.				

Consultation & Collaboration (NASP Domain 2)	Evaluation 1	Evaluation 2	Evaluation 3	Evaluation 4 SUMMATIVE
1. Demonstrates effective communication and interpersonal skills for successful consultation with others.				
2. Consults with appropriate parties to define student needs in objective terms.				
3. Demonstrates skills (listening, collaboration, assertiveness) to be an effective team member.				

Interventions (NASP Domains 3 & 4)	Evaluation 1	Evaluation 2	Evaluation 3	Evaluation 4 SUMMATIVE
1. Demonstrates a strengths-based approach by identifying and promoting learner strengths.				
2. Demonstrates a basic understanding of a variety of influences (e.g., biological, cultural, developmental) on academic skills and social/mental health/behavioral health.				
3. Demonstrates basic knowledge of evidence-based social interventions/behavioral interventions.				
4. Demonstrates a basic knowledge of evidenced-based academic interventions.				
5. Demonstrates a basic knowledge of evidenced-based interventions for mental health needs.				
6. Considers client characteristics and environmental supports when designing and implementing interventions.				

7. Facilitates individualized interventions with positive outcomes.				
8. Co-facilitates group-based interventions for mental health or other support needs, (planning, rapport with students, meaningful activities).				
9. Uses assessment data to design, implement, and evaluate services that support skill development in children.				

School-Wide Practices (NASP Domain 5)	Evaluation 1	Evaluation 2	Evaluation 3	Evaluation 4 SUMMATIVE
1. Demonstrates foundational knowledge of how school-wide practices promote student learning (e.g., systems structures in an organization)				
2. Has a foundational knowledge of implementation best practices (e.g., use of EBI's, implementation science, fidelity).				

Services for Safe & Supportive Schools (NASP Domain 6)	Evaluation 1	Evaluation 2	Evaluation 3	Evaluation 4 SUMMATIVE
1. Demonstrates basic knowledge of risk and protective factors in learning and mental/behavioral health of students.				
2. Demonstrates basic school safety and crisis response knowledge and preventive and responsive skills.				

Family, School, & Community Collaboration	Evaluation 1	Evaluation 2	Evaluation 3	Evaluation 4 SUMMATIVE
---	--------------	--------------	--------------	------------------------

(NASP Domain 7)				
1. Demonstrates basic understanding of family strengths, needs, and cultures.				
2. Demonstrates basic abilities to partner with families and community agencies to enhance outcomes for children.				

Equitable Practices for Diverse Students (NASP Domain 8)	Evaluation 1	Evaluation 2	Evaluation 3	Evaluation 4 SUMMATIVE
1. Demonstrates awareness of own culture, values, and experiences and their effects on professional and interpersonal interactions				
2. Considers the influence of race/ethnicity, culture, values, and experiences and other individual differences when conceptualizing cases.				
3. Demonstrates sensitivity to the effects of culture, values, and experiences during intervention design and implementation.				
4. Demonstrates ability to collaborate cross-culturally with students, family/caregivers, or others.				

Research and Evidence-Based Practice (NASP Domain 9)	Evaluation 1	Evaluation 2	Evaluation 3	Evaluation 4 SUMMATIVE
1. Demonstrates knowledge of research design, measurement, and data collection techniques used in educational settings.				
2. Considers and applies research findings as a foundation in service delivery.				

Legal, Ethical, and Professional Practice (NASP Domain 10)	Evaluation 1	Evaluation 2	Evaluation 3	Evaluation 4 SUMMATIVE
1. Demonstrates basic understanding of comprehensive roles and functions of the school psychologist.				
2. Demonstrates a basic understanding of legislation and regulations relevant to education (i.e., IDEA, 504, MTSS, FERPA, confidentiality, etc.).				
3. Provides services consistent with ethical, legal, and professional standards.				

Comments from Field-based Supervisor

Please, comment on any factors that would add to the student's preparation for internship, or any areas in need of improvement to be prepared for internship.

I have completed the above evaluation and reviewed it with the practicum student.

Appendix C

UW-RF School Psychology Training Program Intern Observation: Performance-Based Rubric

Intern name & observation site:

Description of activity observed:

Observer name and date:

Category	4	3	2	1	Level
Interpersonal skills and communication	Routinely demonstrated effective interpersonal skills (e.g., strong listening, patience, and respect). Communicated information very clearly and enthusiastically. Showed dedicated interest in audience understanding.	Usually demonstrated effective interpersonal skills (e.g., strong listening, patience, and respect). Information usually explained and followed up upon effectively.	Sometimes demonstrated effective interpersonal skills (e.g., listening, patience, and respect). Was able to communicate information adequately, but at a basic level.	Rarely demonstrated effective interpersonal skills (e.g., strong listening, patience, and respect). Struggled to communicate information effectively.	
General problem-solving collaboration	Routinely solicited and helped synthesize information from others. Interjected own ideas assertively without being domineering. Demonstrated clear preference for win-win strategies and positive approaches to problem solving.	Usually demonstrated ability to interject own ideas and synthesize information from others. Not yet viewed as a clear problem-solving leader, but shows strong foundational skills.	Sometimes used information provided by others in team. Was sometimes able to collaborate effectively, but sometimes too passive or aggressive with own ideas.	Rarely utilized information from other group members during decision making. Was excessively passive or aggressive with own ideas.	
Intervention enhancement	A clear leader in helping develop appropriate goals and interventions. Demonstrated excellent awareness of varied interventions or instructional methodologies.	Demonstrated helpful awareness and effort in assisting development of goals and interventions.	Provided some help in developing goals and interventions. Ideas were somewhat helpful, but viewed as basic.	Rarely or did not help develop goals or interventions. Did not recognize the need to link data to interventions or modifications.	
Diversity values and dispositions	Routinely was respectful (valuing other perspectives, listening actively, exhibiting empathy, pacing the meeting), inclusive (thinking of others), open, collaborative, and cooperative. Adapted practice effectively and appropriately as necessary to meet the needs of others.	Often was respectful (valuing other perspectives, listening actively, exhibiting empathy, pacing the meeting), inclusive (thinking of others), open, collaborative, and cooperative. Adapted practice adequately as necessary to meet the needs of others.	Sometimes was respectful (valuing other perspectives, listening actively, exhibiting empathy, pacing the meeting), inclusive (thinking of others), open, collaborative, and cooperative. Showed some effort to adapt practice to meet the needs of others.	Did not present as being respectful (valuing other perspectives, listening actively, exhibiting empathy, pacing the meeting), inclusive (thinking of others), open, collaborative, and cooperative. Did not adapt practice to meet the needs of others.	
Data-based decision-making	Collected valuable data for understanding problems. Utilized multiple tools and techniques (as needed) in gathering the data. Recognized as a clear leader in data collection, interpretation, and data-based decision making.	Collected acceptable data for understanding problems. Chosen tools and techniques were sufficient, and data provided to team was valuable in decision making.	Collected adequate data for understanding problems, with room for improved variability. Showed some effort to connect data to interventions.	Collected data were incomplete or inappropriate for the presenting problem. Did not effectively connect data to interventions or goals.	
Professional, legal, and ethical responsibility	Clear and effective adherence to due process guidelines in all decisions affecting students. Maintained high ethical standards.	Adhered to due process guidelines in most decisions affecting students. Maintained acceptable ethical standards.	Adhered to due process guidelines in most decisions affecting students. Ethical standards were adequate.	Neglected or failed to recognize some due process guidelines. And/or did not address ethical issues appropriately.

UWRF School Psychology Program **INTERNSHIP** Intervention Case Study Appraisal Rubric

- Academic Focused Case
- Behavior/Social/Emotional Case

Candidate: _____

Rater: _____ **Date:** _____

RATING INSTRUCTIONS:

Feedback to the candidates should be provided about their intervention skills/awareness relative to graduating intern expectations.

The Intervention Case Study rubric has 61 total points.

INTERNS must pass the intervention at a level of 85% or higher (52 out of 61 or better). Each NASP domain must be passed at 80% or higher. Cases, or portions of cases, that are not passed must be revised until they reach passing levels. At the discretion of the university-based supervisor, a new case may be assigned.

Please rate the candidate on each item using the scale below. Comments on any particular strength or challenging characteristic may be written in the box at the end of the rubric.

RATING SCALE:

1: This intervention component is not clearly included or minimally described
2 or 3: This intervention component is adequately described or comprehensively described
 (assignment of 2 or 3 will depend on maximum item score – varies by item).

Section 1: Problem Identification	3	2	1	Primary NASP Domain Measured	Rated Level
1.1	A summary of intervention implementation drivers is included (i.e., the development or lack thereof of underlying organizational, leadership, and competency factors in the school system).	The issue of implementation drivers is mentioned, but only minimal elaboration is included.	A summary of intervention implementation drivers is NOT included.	D5	
1.2	Student's behavior is defined in the context of appropriate grade and/or peer expectations	The student's behavior is operationally defined.	The student's behavior is identified by not operationally defined.	D3/D4	
1.3		The problem is collaboratively defined.	The problem is not collaboratively defined.	D2	
1.4	The discrepancy between current and desired level of performance is explained.	The behavior is operationally defined or quantified in terms of both current and desired level of performance	The behavior is not operationally defined in terms of both current and desired levels of performance.	D1	
1.5	Baseline includes the student behavior and peer/grade norms and expectations with computed trend lines.	A baseline for the student is established using sufficient data.	A baseline for the student behavior is not established nor has insufficient data.	D5	
1.6		The student behavior is identified as a skill deficit or a performance deficit (e.g., "can't do" or "won't do")	The student behavior is not identified as a skill or performance deficit.	D3/D4	
1.7	Parents/guardians and a multi-disciplinary intervention team participated in this intervention. Teaming best practices (or lack thereof) are summarized (i.e., nature of leadership, roles, purpose, etc.)	Parents/guardians and teachers are involved in the problem-identification process.	Parents/guardians and teachers are not involved in the problem-identification process.	D7	
TOTAL					
Section 2: Problem Analysis	3	2	1	Primary NASP Domain Measured	Rated Level
2.1	Hypotheses are generated through collaboration with teacher and/or parents.	One or more hypotheses are developed to identify the functions that the behavior serves and/or the conditions under which the behavior is occurring (two or more of the following factors: child factors, curriculum, peers, teacher, classroom, home.)	Hypotheses are not developed or are developed in only one area and/or hypotheses are not measurable.	D7	
2.2	There are multiple sources of data that converge on each proposed hypothesis.	There is evidence that appropriate data are collected to confirm or reject the proposed hypotheses. Appropriate data include one or more of the following: record review, interview, observation, testing, self-report.	Appropriate data are not collected to confirm or reject the hypotheses.	D1	

2.3		Hypotheses reflect an awareness of issues of diversity (e.g., physical, social, linguistic, cultural).	Hypotheses do not reflect an awareness of issues related to diversity.	D8	
TOTAL					
Section 3: Intervention	3	2	1	Primary NASP Domain Measured	Rated Level
3.1			Intervention is linked to observable, measurable goal statement(s). (If not, record zero in level column)	D9	
3.2		Intervention selection is based on data from problem analysis and hypothesis testing.	Intervention selection is not based on data from problem analysis and hypothesis testing.	D3/D4	
3.3	The intervention has strong prior research support (i.e., can be called “evidence-based”). The evidence is summarized in the report.	The intervention has SOME noted research support; it can best be described as an “emerging” or perhaps “promising” approach.	The intervention is not based on prior collected data. It may be based only on anecdotal information or “belief-based” (“gut instinct”) information.	D9	
3.4		Intervention is developed collaboratively.	Intervention is not developed collaboratively.	D2	
3.5		Intervention reflects sensitivity to individual differences, resources, classroom practices, and other system issues. Acceptability of intervention is verified.	Intervention does not reflect sensitivity to individual differences, resources, classroom practices, and other system issues. Acceptability of intervention is not verified.	D8	
3.6		Logistics of setting, time, resources, intervention “dosage,” and personnel are included in the intervention plan.	Logistics of setting, time, resources and personnel are not included in the intervention plan.	D10	
3.7		Intervention selection considers unintended outcomes or limitations.	Intervention selection does not consider unintended outcomes or limitations.	D10	
3.8		Intervention is monitored and data are provided to ensure that it was implemented as designed (Intervention Integrity). Any deliberate intervention adaptations or “intervention drift” is summarized.	Intervention Integrity is not monitored or, even if monitored, insufficient data are included.	D1	
TOTAL					

Section 4: Evaluation	3	2	1	Primary NASP Domain Measured	Rated Level
4.1	Charting includes student performance trend lines and/or goal lines.	Progress monitoring data are demonstrated on a chart.	Progress monitoring data are not demonstrated on a chart.	D1	
4.2	An AB design (single-case design) format was used. An Effect Size (NAES) or	An AB design (single-case design) format was used. An Effect Size	The data showed no effect of the intervention with the AB design (the NAES or		

	Percentage of Non-Overlapping Data (PND) is included and shows large or moderately significant growth between the baseline and intervention phases.	(NAES) or Percentage of Non-Overlapping Data (PND) is included and shows a small level of growth between the baseline and intervention phases. The trendline may be showing good progress, but significance is not well-established.	PND showed no effect or no data analysis was included).	D9	
4.3	Responses to Intervention data are used to inform problem-solving and decision making. Single-case design was specified.	Data are used to inform further problem solving and decision making (i.e., continuation of intervention, modification of intervention, maintenance of intervention).	Data are not used to inform further problem-solving and decision making.	D5	
4.4	Strategies for transfer/generalizing outcomes to other settings are documented as effective.	Strategies for transfer/generalizing outcomes to other settings are addressed.	Strategies for transfer/generalizing outcomes to other settings are not addressed.	D6	
4.5	Modifications for future interventions are considered based upon collaborative examination of effective data.	Effectiveness of intervention is shared through collaboration with parents, teachers, and other personnel.	Effectiveness of intervention is not shared or communicated.	D6	
4.6	Strategies for follow-up are developed and implemented.	Suggestions for follow-up are developed (e.g., continued progress monitoring, transition planning).	Suggestions for follow-up are not developed.	D7

Appendix F
UNIVERSITY OF WISCONSIN

River Falls

SPSY 798 Independent Research
Final Program Evaluation Report
(25 points)

Student(s) name(s): _____
Advisor/Evaluator: _____

Criteria	Potential	Earned
The paper included about 10 reader-friendly pages of narrative. It was completed in APA style 6 th edition (title page, reference section, double-spacing, proper table style, appendices as needed).	2	
General writing mechanics and style were professional and at the level of a developing graduate student. For full credit in this area, spelling, punctuation, grammar, vocabulary, sentence structure, and general flow of the paper must be evaluated as very strong (i.e., no more than a few minor issues).	3	
An Introduction was included. The intro included a brief review of key/core/critical related literature. It provided evidence for the need for and purpose of the current study. Specific research questions were included and sensible given the state of the literature. Specific objectives, following the Objectives-Based approach were stated.	2	
A Method section was included. It included concise, yet sufficiently detailed summary about the project participants, materials used, and all steps or procedures. Data collection procedures were all summarized adequately.	3	
Results and Conclusions sections were included. Key findings were included and triangulation of themes/trends were noted (and any inconsistencies). Implications for educators in the district were stated.	15	
TOTAL	25	

Comments:

This performance-based assessment contributes to your ability to meet NASP Training & Practice Domain # 9 and WI DPI Pupil Service Standard #3. This rubric must be saved electronically and included in your programmatic portfolio as an artifact reflection your skills/knowledge on those domains.

Updated March 2018

Appendix G

Ed.S. Graduate Exit Survey

Please respond to the following questions with your perceptions of your experience of the UW-River Falls School Ed.S. degree (first two years in the program). It is expected this will take about 5 minutes to complete. Thank you!

- 1) Overall, the UWRF school psychology Master's program
 - Exceeded my expectations
 - Met my expectations
 - Was somewhat below my expectations
 - Was far below my expectations

- 2) Now that I have completed my Ed.S. degree, I feel prepared with a foundation for beginning a career in school psychology.
 - Very much so
 - Mostly
 - Somewhat
 - Very little

- 3) If I were starting a graduate program in school psychology again I would apply to UWRF.
 - Yes
 - No

- 4) As a whole, the timing of Ed.S. courses met my needs (e.g., time of day, terms offered, part-time course sequence)
 - Very much so
 - Mostly
 - Somewhat
 - Very little

- 5) Regarding class meetings on the main UWRF campus, I would have preferred to:
 - Have more courses there
 - The number of courses there was about right for me
 - Have fewer courses there
 - Have no courses there

- 6) Regarding class meetings at the Hudson Center, I would have preferred to:
 - Have more courses there
 - The number of courses there was about right for me
 - Have fewer courses there

Have no courses there

7) Regarding on-line or web-based work associated with program courses, I would have preferred:

- More on-line work
 The amount of on-line work was about right for me
 Less on-line work
 No on-line work

8) As a whole, the Ed.S. courses addressed critical knowledge and skills necessary for practice as a school psychologist

- Almost Always
 Often
 Sometimes
 Never

9) As a whole, the program materials required for Ed.S. courses (e.g., textbooks, journal articles, technology) helped facilitate learning.

- Almost Always
 Often
 Sometimes
 Never

10) Comments about my perceptions of the overall program structure:

11) The library services (e.g., access to needed resources, librarian support) were:

- Very Good
 Good
 Fair
 Poor

12) The bookstore services were

- Very good
 Good
 Fair
 Poor

13) The financial assistance support was

- Very good
 Good

- Fair
- Poor
- NA

14) The admissions process was

- Very good
- Good
- Fair
- Poor

15) The career services support was

- Very good
- Good
- Fair
- Poor

16) My experience with parking on the main campus was

- Very good
- Good
- Fair
- Poor

17) Comments on your perceptions of your experiences with non-program university services:

18) I have been encouraged by program faculty members to get involved in professional opportunities beyond the classroom (e.g., leadership activities, conference attendance, school psychology awareness week activities).

- Almost Always
- Often
- Sometimes
- Never

19) As a whole, program faculty members have encouraged and promoted multiple academic and theoretical perspectives

- Almost Always
- Often
- Sometimes
- Never

20) As a whole, program faculty members have encouraged and promoted diversity, inclusion, and social justice in the program

- Almost Always
- Often
- Sometimes
- Never

21) As a whole, program faculty members held high expectations for my overall academic performance.

- Almost Always
- Often
- Sometimes
- Never

22) As a whole, program faculty members were prepared for teaching the Ed.S. courses.

- Almost Always
- Often
- Sometimes
- Never

23) As a whole, the professional involvement and connectedness of the program faculty members enriched my learning (e.g., with NASP, WSPA, MSPA, MDE, PREPaRE)

- Almost Always
- Often
- Sometimes
- Never

24) As a whole, program faculty members treated me with respect.

- Almost Always
- Often
- Sometimes
- Never

25) As a whole, program faculty members served as positive role models for program students.

- Almost Always
- Often
- Sometimes
- Never

26) As a whole, program faculty members offered useful feedback on my class performance.

- Almost Always
- Often
- Sometimes
- Never

27) Comments about my perceptions of my experiences with program faculty members:

The following statements reflect specific program learning outcomes and objectives. Having experienced the Ed.S. program in its entirety, please choose the option that best reflects your preparation.

28) I feel prepared to engage in culturally responsive school psychology practices

- Strongly Agree
- Agree
- Slightly Agree
- Slightly Disagree
- Disagree
- Disagree Strongly

29) I feel prepared to collaborate successfully with a variety of individuals (e.g., with teachers, administrators, parents, other educators).

- Strongly Agree
- Agree
- Slightly Agree
- Slightly Disagree
- Disagree
- Disagree Strongly

30) I feel prepared to engage in skills that contribute to a positive impact on the students, parents, teachers, and others who are served.

- Strongly Agree
- Agree
- Slightly Agree
- Slightly Disagree
- Disagree
- Disagree Strongly

31) I feel prepared to engage in practices aligned with the training domains of the National Association of School Psychologists (NASP) and the Wisconsin Department of Public Instruction (DPI).

- Strongly Agree
- Agree
- Slightly Agree
- Slightly Disagree
- Disagree
- Disagree Strongly

32) Comments about your perceptions of your ability to meet program learning outcomes:

	1	2	3	4	5	× NA
Ability to assist with school-wide prevention or intervention efforts	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Your title (e.g., special education director, lead school psychologist, principal, etc.):

Please suggest areas in which you believe this school psychologist (graduate of UWRP) needs to improve:

Please indicate areas in which you believe this individual is particularly strong:

Provide any additional thoughts here about this graduate or the UWRP school psychology program in general:

OPTIONAL: If you would like to be contacted by the UWRP School Psychology Program Director for further discussion, please add your name, email, and phone number here:

Alumni Survey Sample – 2 years post-Ed.S. graduation
SCHOOL PSYCHOLOGY PROGRAM
 University of Wisconsin–River Falls
 Alumni Survey

As a graduate of the educational specialist (Ed.S.) program in school psychology at UW-River Falls, you are an excellent resource for feedback on the training you have received. In our continuing effort at self-evaluation, we are requesting you complete the following survey to assist the program in improving the quality of training provided. This survey will be treated confidentially. Please, return it in the enclosed envelope as soon as possible. Thank you for your assistance in this regard.

DEMOGRAPHIC INFORMATION

Year Entered the Program: _____ Year of Graduation: _____

Which of the following job descriptions best describes your current employer?

- Public School
- Private School
- Junior/Community College
- University
- Private Business/Agency
- Government
- Non-Profit Organization
- Other _____

Which of the following best describes your occupation?

- School Psychologist
- Counselor
- Psychologist in the Private Sector
- Not Employed
- Other _____

Which of the following best describes your satisfaction with your current position?

- Very Satisfied
- Satisfied
- Unsatisfied
- Not Applicable

What is your current employment status?

- Full Time
- Part Time

In your current position, what percentage of your time is spent doing the following tasks? (Out of 100%)

Assessment _____ Intervention _____ Research _____

Supervision _____ Consultation _____ Other _____

In what state(s) are you licensed or certified to practice school psychology?_

- WI
- MN
- Other

Do you hold the NCSP credential administered by NASP? No _____ Yes _____ (Date/Year) _____

I am a member of these national associations:

- NASP
- APA
- APA Div. 16
- WSPA
- MSPA
- Other

List the offices you hold or have held and the name of the professional organization(s):

RATINGS – Please, rate the quality of the school psychology program in the following areas using this scale:

0 - None	1 – Inadequate	2 – Adequate (room for improvement)	3 – Good (little need for improvement)	4 - Excellent
-----------------	-----------------------	--	---	----------------------

A. General Standards

Indicate how well the program met the following standards.

Fair evaluation of students regardless of cultural/individual differences	0	1	2	3	4
Cultural/Individual differences incorporated into the curriculum	0	1	2	3	4
Field training in cultural and individual differences	0	1	2	3	4
Training integrated practice and theory	0	1	2	3	4
Faculty demonstrated and modeled professional behavior	0	1	2	3	4
Close student-faculty working/advisement relationship	0	1	2	3	4
Balance of science and practice in the program	0	1	2	3	4

Comments:

B. Sensitivity to Individual Differences

Indicate how well the program affirmed and addressed diversity in the following areas (using the same scale).

Physical/Mental Disabilities	0	1	2	3	4
Poverty	0	1	2	3	4
Gender and Gender Expression	0	1	2	3	4
Racial/Ethnic Diversity	0	1	2	3	4
Religiosity/Spirituality	0	1	2	3	4
Sexual Orientation	0	1	2	3	4

Comments:

CURRICULUM STANDARDS – Please, rate the quality of the curriculum using the following scale.

1 – Inadequate	2 – Adequate (Room for improvement)	3- Good (Little need for improvement)	4 - Excellent	
Data-based decision making (assessment to identify strengths and weaknesses)	1	2	3	4
Consultation and collaboration	1	2	3	4
