Community details
See details on the Community Preferences page above.

Page continued below...

Step 1: Choose your Community Preferences

- Visit the "Community Preferences" page on the navigation bar above and indicate your communities of choice by adding them in order of preference. Your roommate should also choose the same communities in the same order, to double your chance of getting into your most preferred community - if either roommate wins, then you both win.

Step 2: Community Agreements

- The **Pride, Gaming & Esports**, and **Substance Free** communities have required agreement pages that appear after you submit the Community Preferences page. Both roommates must log in and agree to the agreement for you both to live there.

Step 3: Add Yourself to the Communities Lottery & Prioritize

- Choose a "Yes" option below to add yourself to the Communities Lottery.
- If you win your first community of choice listed on your "Community Preferences" page above, then you *will not* be entered into the next community's lottery.
- If you do not win your first community of choice, and if you indicated below that you would like us to consider all communities that you selected on the Community Preferences page, you will be entered into a lottery for the next community (if any), and so on until you are either a winner of a community, or are not a winner.
- Community Lottery winners will be notified on Tuesday, March 25 by email and provided with details for how and when to log into the Housing Portal and choose a bed in their community.
- Community Lottery Priority: If you added yourself to the Ames and/or Hathorn lottery, indicate if the Communities lottery is your first priority.
