RESIDENCE LIFE DISABILITY RELATED ACCOMMODATION REQUEST

DISABILITY DEFINITION:

Under Section 504 of the ADA, disability is defined as a physical or mental impairment that substantially limits one or more major life activities, such as caring for oneself, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, or working. "Substantially limited" generally means that a person is unable to perform a major life activity that the average person in a general population can perform. The definition also considers any mitigating measures, such as medication, therapy, etc., the person is engaging in that may relieve the substantial limitations caused by the impairment.
