Michigan Farm Bureau, Lansing, MI; Agricultural Insurance Intern (Underwriting)
Description: Farm Bureau Insurance of Michigan is seeking a motivated individual to join the Farm and Agribusiness Underwriting team! During this fourteen-week internship program, you will be spending most of your time with the Farm and Agribusiness Underwriting department. The selected individual will be spending time with both our field and in-office underwriter. The intern will have the opportunity to see many different kinds and sizes of farms, along with how insurance underwriting is done. The intern will learn what insurance underwriting is, and how it plays a pivotal role in how Michigan farmers manage their farm operation. The intern will also spend some time with our Risk Management Services Team to learn how loss control benefits both the insurance company and the farmer.
Qualifications: Majoring in Ag Business, or related degree. Self-motivated. Basic knowledge of using a computer. Provide own transportation. Dedicated to learning and continuous improvement.
Application: Submit the electronic CAFES Internship Form located in the Internship Forms Section: https://www.uwrf.edu/CAFES/Internships/
Deadline: Open until filled **235**

Frontier Cooperative, Lincoln, NE; Ag Advisor Intern Summer 2027
Description: As a Frontier Agronomy Advisor Intern, you will gain hands-on experience across multiple areas of the agronomy business while working alongside experienced Ag Advisors and industry professionals. This internship is designed to provide practical field experience, exposure to cutting-edge agricultural technology, and valuable customer-facing opportunities that will prepare you for a successful career in agriculture. As an Agronomy Advisor Intern, you will support Frontier's Agronomy team through a variety of field, operational, and customer service activities.
Qualifications: Majoring in Crop Science, Agronomy, or agriculture related degree. Ability to learn and navigate Frontier's digital platforms. Attention to detail and ability to take detailed notes.
Application: Submit the electronic CAFES Internship Form located in the Internship Forms Section: https://www.uwrf.edu/CAFES/Internships/
Deadline: Open Until Filled **236**

Frontier Cooperative, Lincoln, NE; Custom Applicator Intern
Description: As a Frontier Custom Applicator Intern, you will gain hands-on experience operating agricultural equipment, supporting agronomy operations, and learning the critical role custom application plays in modern crop production. Working alongside experienced mentors and industry professionals, you'll develop valuable technical, operational, and customer service skills while contributing to the success of local growers. As a Custom Applicator Intern, you will work closely with your mentor and agronomy team to learn custom application practices and support daily operations.
Qualifications: Majoring in Crop Science, Agronomy, or agriculture related degree. Interest in agricultural equipment, crop production, and advancing agricultural technology. Strong organizational, time management, and problem-solving skills.
Application: Submit the electronic CAFES Internship Form located in the Internship Forms Section: https://www.uwrf.edu/CAFES/Internships/
Deadline: Open Until Filled **237**
